COUNCILMAN TANCREDI: Town Day was held and the weather cooperated. The crowd was so/so like in past years. The Recreation Department has to think about how they are going to handle it in the future. The other thing is, Mike Cifone, Joe Conte and myself are having some concerts in local parks like Fairview Park, Crestwood Park, and Greenvale Park. I had a number of residents contact me when the concerts moved to Bowdoin Park. We are now going to try to get them back into local parks on Saturdays.

COUNCILMAN TANCREDI: I have an issue that I've been dealing with, along with Mr. Hagstrom and his law firm, probably for the last 3 or 4 years. There is a home on MacIntosh Drive, where the homeowner, Mrs. Lambert, has passed away without naming an executor or anyone to take ownership of the property, which created a huge problem. Cars are in the driveway that are no longer being used and what it has now come down to is, if we want to correct the situation, the Town will have to take legal action costing about \$4,000 that can't be attached to the property. It's a big problem. I would like to see this on next week's agenda.

Several residents adjacent to the property spoke of the mess on the property and thanked Councilman Tancredi for his work on the problem.
