**7:00 PM CALL TO ORDER
SALUTE THE FLAG**

Supervisor Myers: *We have* some “Awards of Excellence” for some officers I want to now ask to come forward; Officer Chris Hammel, Officer Erin Corbett and Officer Kevin Brady. “At approximately 6:45 AM at the Police Headquarters on March 91 1 got a call from a private residence on Overocker Road where a gentleman was not breathing. Officers Hammel, Corbett and Brady arrived in approximately three minutes. Officer Corbett responded into the home with the

Automatic External Defibrillator. The victim's wife reported that her husband was lying on the upstairs bathroom floor. The responding officers found the male victim unresponsive and not breathing. Officer Corbett applied the AED patch to the victim's chest and waited for it to activate. The AED indicated that a shock was going to be administered and the AED send one shock to the victim. Officers Hammel and Corbett began CPR and started rescue breathing while Officer Brady monitored for signs of a pulse or breathing. After two cycles of CPR, the victim regained a pulse and started to breath on his own. Subsequently he was transported by ambulance to St. Francis Hospital and on March **23rd**(he was released from St. Francis Hospital to the Cardiac Care Unit at Vassar Bros. and on March **27th** he was returned home to his wife and children." I don't think any of us could be any prouder of you than we are today. I have a certificate and they all say pretty much the same thing: "This certificate is awarded to Officer Christopher Hammel for his professional life saving actions on March **19th**, 2009; his quick actions and dedication to duty during a medical emergency resulting in the saving of a man's life. The actions taken reflect most positively on Officer Hammel, (Corbett, and Brady) the Town of Poughkeepsie Police Department and our community, and our thanks to you, Chris, (Kevin Brady, and Erin Corbett). I saved Officer Corbett for last, because not only was officer Corbett involved in the scene I just described, but again on April **13th** at approximately 9: 12 PM, the police received a 9 11 call for a 64 year old female who was not breathing, Officer Corbett arrived in approximately 4 minutes and again she had to use the AED Device, Officer Corbett commenced with CPR and after two cycles of CPR, the victim began breathing. Arlington Fire arrived, she was transported to Vassar Bros. Medical Center and on April 1 **7th** it was determined that because of Erin Corbett this lady is still alive," and so we owe her a double thanks for twice within two months. As a side note, the first victim that was saved happened to be a relative of an employee here at Town Hall.

APPLAUSE

Councilman Seminara: I think the officers have done something tremendous and I think that they should remember that all their lives that that was a great service they rendered to those two individuals and that it's a reflection upon themselves and the whole department and the leadership of the Department.

APPLAUSE

We will suspend the rules in case anyone wishes to speak on the public hearing, but this item will be adjourned until a future date because we did not receive any comments from the County until late this evening and we still have not received any from the Town Planning and the Sign Committee will be meeting again at the request of Mr. Wilson to make some additional changes.

Motion made to suspend the rules for public speaking on the public hearing:
Supervisor Myers/M. Cifone

CARRIED: 5-0

Victor Gennodie: “At a recent meeting of the Planning Board, they were discussing some of the signs in size, in different buildings and locations throughout the Town and I realized that it doesn’t work because it seems a little unfair and out of balance if you have a large name because now you have to cram it into a small space. Somehow, we have to make it to where it is visible. Some times there has to be a small change in sq. footage to make it feasible.”

Motion made to resume the rules: Supervisor Myers/D. Seminara.

CARRIED: 5-0

Councilman Tancredi indicated that some how we have to move this resolution along.

Town Attorney Mahar: “It was scheduled to be on the Planning Board meeting for tomorrow night and for some reason, it was removed from the agenda, and the County report came in about 3 PM this afternoon,”

Amend Town Code,

Entitled “Sewers”,

Article VIII, “Private Waste

Section-168-66-Connection

RESOLUTION

BE IT ENACTED, that the Town Board of the Town of Poughkeepsie, pursuant to a public hearing held the 22nd day of April, 2009 at 7:00 PM at the Town Hall, Town of Poughkeepsie, One Overocker Road, Poughkeepsie, NY, does hereby amend Chapter 168 of the Town Code, entitled “Sewers”, specifically Article VIII, “Private Waste Disposal” Section 168-66 — Connection Required, as follows:

ADD:

Properties located outside of a sewer district will be entitled to sewer service if 95% of the property is within the boundaries of a sewer district. In that event the property owner may request permission to be included within the sewer district upon paying the charges as determined at the time of the application, which requirement set forth herein shall be applicable to all Sewer Districts or Sewer Improvement Areas, located in whole or part, within the boundaries of the Town of Poughkeepsie.

AND BE IT FURTHER ENACTED, that the Town Board of the Town of Poughkeepsie as Lead Agency does declare said action will not have a significant adverse impact on the environment as a matter of law; and

BE IT FURTHER ENACTED, that said local law shall become effective immediately upon filing with the Secretary of State.

CARRIED: 6-0

Motion made to Adjourn Item #3 at a Special Meeting to be held Wednesday May 13th: T. Tancredi/D. Seminara

CARRIED: 6-0

BE IT ENACTED, that the Town Board of the Town of Poughkeepsie, pursuant to a public hearing held on the 22nd day of April, 2009 at 7:00 p.m. at the Town Hall, Town of Poughkeepsie, One Overocker Road, Poughkeepsie, NY, does hereby amend the Town Code, Chapter 2 1 0, entitled "Zoning", specifically Article V, Section 210-22, "Arlington Town Center (ATC) District", which amendment would be as follows:

ADD:

§210-22(G) Main Street Drive-In Overlay District (MSDOD) more fully set forth in the attached document, the application of which may be permitted at the sole discretion of the Town Board as a Zoning Map amendment subject to such additional terms and conditions as the Town Board may require at locations within the Arlington Town Center (ATC) District which meets the specific requirements set forth herein.

BE IT FURTHER ENACTED, that the Town Board of the Town of Poughkeepsie does hereby declare itself as Lead Agency and that said action will not have a significant adverse impact on the environment; and

BE IT FURTHER ENACTED, that this Resolution is adopted, notwithstanding a recommendation from the Dutchess County Planning Board not to adopt said amendment; and

BE IT FURTHER ENACTED, that the Town Board of the Town of Poughkeepsie does override that recommendation for the following reasons:

1. The minimum lot size, road frontage, and locational requirements of the proposed local law have been carefully drafted to specifically limit the number of parcels that could qualify under its terms; and
2. The application of the overlay district to any one parcel would be a discretionary act on the part of the Town Board to amend the Zoning Map; and
3. The character of the Main Street section of the Arlington Town Center (ATC) District is very different than other parts of the District and currently contains five businesses with drive-thru facilities and an Average Daily Traffic (AADT) volume in excess of 13,000 vehicles. Unlike other parts of the ATC District, Main Street is a major vehicular route into and out of the Town and City of Poughkeepsie, and allowing merchants to develop drive-thru facilities, on a case by case basis, to take advantage of this vehicle volume should speed the redevelopment of underutilized and blighted properties along Main Street; and
4. The proposed amendment is intended to encourage the redevelopment of existing parcels along the busy Main Street section of the ATC District by facilitating drive-thru facilities in those cases where the Town Board, with the recommendation of the Planning Board, deems it in the interest of the Town to allow a drive-thru facility as part of a new or redeveloped commercial use.

The design standards of the proposed local law, together with the existing design standards of the ATC District, will ensure that drive-thru facilities will be designed and implemented so as to minimize their appearance to surrounding properties, limit conflicts with existing pedestrian patterns, and require that the building, parking lot, and access driveway are designed so as to be consistent with development in the ATC District.

BE IT FURTHER ENACTED, that the Town Board of the Town of Poughkeepsie does hereby declare itself as lead agency and that said action will not have a significant adverse impact on the environment; and

BE IT FURTHER ENACTED, that said local law shall take effect immediately upon filing with the Secretary of State

05:06-27 UNSAFE BUILDING
Located at 7 Jones Street

RESOLUTION

WHEREAS, the Town Board of the Town of Poughkeepsie does hereby declare a building at 7 Jones Street, Poughkeepsie, NY as an unsafe building; and

WHEREAS, said decision was based upon a report from the Town of Poughkeepsie Sewer Department that the sewer system inside the building was broken and raw sewage was being discharged into the streets and adjacent properties; and

WHEREAS, the owner could not be contacted to make the repairs; and

WHEREAS, it was determined that this constituted a public health violation (see County Health Department letter dated February 6, 2009); and

WHEREAS, the Town Board of the Town of Poughkeepsie does authorize and approve the actions taken by the Town of Poughkeepsie Sewer Department to correct said situation which required numerous visits with Town personnel and Town vehicles to correct the unlawful sewer discharge; and

WHEREAS, the Town Board of the Town of Poughkeepsie does declare such actions as proper in response to a public health safety situation that needed immediate remediation; and

WHEREAS, the Legal Department and Sewer Department made good faith attempts to contact the owner and the lending institution that initiated a foreclosure action against said property; and

WHEREAS, the Town Board of the Town of Poughkeepsie does acknowledge that the owner of the property according to the tax records of the Town of Poughkeepsie is KSP Properties, LLC, 23 Arrowhead Road, Hopewell Junction, NY; and

WHEREAS, the Legal Department did confirm that Cullen and Dykeman, LLP, 1 00 Quentin Roosevelt Blvd., Garden City, NY were the parties in charge of the foreclosure action on behalf of Greenpoint Mortgage Funding, Inc.; and

WHEREAS, the Town Board of the Town of Poughkeepsie does determine that notification was properly sent to said owner and Cullen and Dykeman, LLP by letter dated March 31, 2009; and

WHEREAS, the Town Board of the Town of Poughkeepsie does acknowledge notices sent on March 31, 2009 to KSP Properties and Cullen and Dykeman, LLP indicating that the total amount due for the use of Town of Poughkeepsie manpower and equipment to correct this public health violation was \$3,894.28; and

WHEREAS, said notifications were sent by certified mail return receipt requested; and

WHEREAS, that thirty (30) days has expired since the notices were sent to the above cited individuals; and

WHEREAS, review of the record indicates that neither the owner or the person in charge of the property responded; now therefore

BE IT RESOLVED, that the provisions of the “whereas clauses” are hereby incorporated herein and made a part hereof and constitute the finding of the Town Board;
and

BE IT FURTHER RESOLVED, that the Town Board of the Town of Poughkeepsie does hereby declare the owners and their representatives, as their interest may appear, are in default and said charges are now a lien against the property in the sum of \$3,894.28 and the Town Clerk is authorize and directed to file a certified copy of this Resolution with the Receiver of Taxes and Dutchess County Clerks Office which will be filed in the chain of title of said property.

Bob Casement: He wanted an explanation on Item SC1 . Auto Mechanic
for the collection System.

Supervisor Myers: It's not really an Auto Mechanic, but that's the title we
have to use at this point in time. It's a mechanic to repair all the
generators out at all the different pump stations. The title will have to
eventually get changed, but we can't do it right at this time.

Victor Gennodi: He asked Councilman Tancredi to check out the
crosswalks by the Juliet Theater, when it rains, it ponds up with about 3
inches of water at that location and in winter, it will be a skating rink.
Supervisor Myers: Several officials of the Town took a walk recently in
that area and have a long list of things that needed to be adjusted. We'll
look at that also, that's the State.

Councilman Krakower: What's with the sidewalks on Collegeview? They
were just done and they are crumbling already? We still have a bond out
on that, don't we?

Supervisor Myers: I believe we do, yes. The contractor was someone from
Albany. We do have their name, however.

Victor Gennodi: I understand there was an incident with alcohol at Chuck
E Cheese recently. There was a family brawl there and a number of police

had to go there. They serve alcohol there while children are playing there. I think maybe alcohol shouldn't be served in that place. Upon checking the national police record, there are more calls to the Chuck E Cheese establishments than any bar or restaurant across the entire USA . Maybe we should pay attention to when their liquor license comes through.

Virginia Buechele: What happens if you don't grant the 30 day waiver?

Councilman Krakower: They have to wait 30 days to get their liquor license.

Town Attorney Mahar: The 30 day waiver section of the Alcoholic Beverage Control Law is to give the Municipality or an interested party in the neighborhood an opportunity to file objections to the issuance of the license.

Virginia Buechele: I think we ought to take a closer look at all of these liquor license renewals and let them wait the 30 days. There are constant calls on the 911 fire district phones about noise and intoxications. She advises that the Town should look into the intoxication problem in the Town.

Doreen Tignanelli: Is the Town Board planning on making any comments as part of the Draft Scoping Document for the Dutton O'Neill Project at the waterfront?

Supervisor Myers: I know that Neil Wilson has sent a letter.

Doreen Tignanelli: When they were here in February and they asked that the Town Board allow the City to be Lead Agency they talked about not short changing the Town's interest. Mr. Cantor gave the example of potentially holding a scoping session in the Town as well as the City and it turns out that a scoping session was only held in the City. The Town has asked for an extension of the public comment period on the scoping document. It's posted on the City website, but not on the Town's.

Councilman Krakower: Have they made any application to our Planning Board yet? Supervisor Myers: Not that I know of. But, until they come in

and make an application for a Zoning change or to the Planning Board for that project, we can't just pull them in front of the Board for a Scoping Session on the property just because they discussed doing something with it. They haven't made any application to the Town for anything, correct?

Town Attorney Mahar: As far as I know they have not. But, I think the speaker is correct, Mr. Cantor represented that we get involved in the process. I think we have to check with Neil Wilson to see what has transpired because I don't know of any application.

Supervisor Myers: We will talk with Neil tomorrow and with Richard, if need be, and find out what the deal is.

Nancy Zverev: I think at the last meeting, this whole Bright Horizons still is not signed. So, there is nothing going on in that until that happens?

Supervisor Myers: We've not received a contract back from them. So, that's the status as to where it is.

Motion made to resume the rules: Supervisor Myers/T. Tancredi

C
ARRIE
D: 6-0

Supervisor Myers mentioned the MTA bail out proposal and it's eminent passing and so I asked Jim Wojtowicz to figure out how much 34 cents for every hundred dollars of payroll that will be to the Town and that comes out to \$55,300.00 that we will be expected to take out. Our employees do not take the MTA, but we are going to have to kick into this. On the same happy theme, we have received notice and we are trying to negotiate this as we speak, from MVP, they are raising their rates retroactively to compensate for New York State increasing the health insurance surcharges and assessments as part of it's plan to close the State budget deficit and MVP has the authority, evidently, to pass these surcharges on to the Town and it will be between 4% and 8% increase, which will mean somewhere between \$ 1 2,000 and \$1 5 ,000 additional per month. Well, the only other thing I have is a good thing. We had PDC PC this morning and there was extra money from the round run projects and with a little bit of

perseverance, Sheafe Road has been put into round one for at least a good portion of it, 1.6 million dollars at this point in time and possibly there is another project that will not make in round one and we can get some more money. It has been designed in phases so that the 1.6 million will phase in there. You think you are getting ahead a little bit and then it is taken from you.

Town Attorney Mahar:
