Subject: Comment - Heritage Project (Psych Center)

Thank you for a opportunity to comment on this project.

Because the buildings will be visible to those on the other side of the river, I'm suggesting that the colors of the buildings be made earth-tone colors (browns, greys, green etc.). This will cost nothing. If you need assistance, Scenic Hudson has a set of suggested colors which they have used to assist other projects along the river.

Making this site functional again will add to the town's tax base.

This added suggestion will cost nothing (\$0.00.).
