Town of Poughkeepsie Planning Dept.  
Town of Poughkeepsie Town Hall  
1 Overocker Rd.  
Poughkeepsie, NY 12603

Re: Hudson Heritage SEQR  
Town of Poughkeepsie

Dear Planning Department:

The following is in response to your submission to this office dated June 22, 2015 outlining the future project via SEQR documents.

1. This Department has no objection to the Town of Planning Board serving as lead agency.
2. Detailed plans and specifications will have to be submitted to this Department by a New York State licensed professional for review for future approval of the proposed sanitary sewer infrastructure. Reference is made to the Dutchess County Sanitary Code Article 19.
3. Detailed plans and specifications will have to be submitted to this Department by a New York State licensed professional for review for future approval of the proposed drinking water infrastructure. Reference is made to the Dutchess County Sanitary Code Article 5.
4. Detailed plans and specifications must be submitted to this Department by a New York State licensed professional for review for approval of the proposed Realty Subdivision. Reference is made to the Dutchess County Sanitary Code Article 11.
5. Integral to the above procedures is the evaluation of existing infrastructure tributary to the project. Specifically public water supply and sewage transmission and treatment capability. The possible involvement of other projects approved and not yet built that may impact this proposal is an additional consideration.

Should you find that we can be of assistance please contact us at 486-3404.

Very truly yours,

  
Peter J. Marlow, P.E.  
Supervising Public Health Engineer  
Environmental Health Services
