Subject: Hudson Heritage project

Dear Sir/Madam,

I am all for this project. We need these additional tax revenues for this area. We are being RAPED in this part of the town. This region needs major tax relief as soon as possible. People are moving out in droves here. It is becoming so unaffordable to live in this part of the town of Poughkeepsie. The fire tax is one quarter of our taxes. Please move forward on this project. Or lose MANY families and businesses.

Sincerely,
Thomas Randall
