

# Attention TOWN OF POUGHKEEPSIE!

## COMPREHENSIVE PLAN UPDATE – PUBLIC WORKSHOPS

Per Town Law, the Comprehensive Plan should be periodically reviewed and updated. Now that it has been over 10 years since the Town's last Comprehensive Plan was prepared, and much has changed within the Town, a Comprehensive Plan Review Committee (CPRC) has been appointed, and ***we want to hear from you!*** The CPRC will be hosting three introductory public workshops throughout the Town in order to collect your ideas and insights about the existing or current state of the Town. Workshops will include a brief presentation about the comprehensive plan update process, to be followed by a facilitated discussion. All community members are welcome.
