Subject: regarding MacDonnell Heights Town Center

To whom it may concern;

I am writing in support of the MacDonnell Heights Town Center project that will be discussed at the Planning Board on Thursday October 19th. As a lifelong resident of the area, I am thrilled to hear of a project that will have such a positive impact on our quality of life. An intimate walkable neighborhood would be an unprecedented concept that would attract a constant flow of people in an uncongested and sustainable atmosphere. It would certainly revitalize and modernize the concept of public gathering spaces, taking the place of decaying malls and neglected downtown "Main Street".

Clearly, there would be a tremendous benefit to the permanent job market and tax revenues, further benefitting our community. In addition, the community should have great comfort in a project managed by Kirchoff Companies, as their reputation for high quality workmanship is well known throughout our area.

Sincerely,

Vincent P. Beltrani, MD
