Regarding: McDonnell Heights Town Center Project.

I am writing in favor of the Kirchoff Companies McDonnell Heights Town Center Project.

This project will not only bring a first of it's kind Village concept to Poughkeepsie but it brings 300 permanent jobs, \$\$\$ tax rate tables, and all the amenities of a unique residential Community unknown to Poughkeepsie.

Through the years, the Kirchoff Company has had very positive effects with all of their projects in Poughkeepsie and throughout Dutchess County.

I see this project as a tremendous opportunity for Poughkeepsie, it's residents and am totally in favor of it.

Sincerely,
