Town planning board,

I am sorry that I'm not able to be here in person for this meeting. I wanted to take a moment to write this letter to let you know that I am fully in favor of this project. Everybody knows the reasons why this is going to be a good project, but I want to just talk a little bit about my childhood here.

I grew up just down the road from this site and everyday I would drive the bus and see the Frank brother's farm and see that open field and never really wanted to see any development come to that because it's a part of my childhood past. However, as we're all aware, we must move forward and I know that the project being set forth for this will be a project that will benefit the town for many years and our future and I accept it and I'm actually eager to see its placement on our town map.

I'm also confident in the developers desire that he also wants to make our town, his town a better place for all the residents and again I fully support this project and hope you feel the same way.

Joe Conte Third Ward councilman Town of Poughkeepsie
